SUPPLEMENT TO 25X1X REPORT NO.

Fid 196

A one and a half kilowatt radio transmitter has been installed in Kopar in a house on Via Crispi, formerly inhabited by a family called Scampicchio. The radio will transmit Italian and Slovene broadcasts to counteract propaganda from Trieste and Venice stations, and the clandestine Venezia Giulia station. The aerials were set up on the San Marco Hill. The station was to be ready for operation by the end of May.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States. Next Review Date: 2008
